

# Darshit Shyani

Frontend Developer

Email: [darshitshyani1@gmail.com](mailto:darshitshyani1@gmail.com)

Portfolio: [darshitshyani.dev](https://darshitshyani.dev)

## EXPERIENCE

### Frontend Developer - Full Time

Avrut Solutions

Jan - 2022 – Aug - 2024

Gujarat, India

- Developing and delivering high-quality web applications with a focus on frontend development.
- Working with modern technologies such as **React.js, Next.js, Tailwind CSS, Material-UI, and Firebase**.
- Implementing best practices for UI performance optimization, accessibility, and scalability.
- Collaborating with designers and backend developers to create seamless user experiences.
- Building reusable UI components and ensuring maintainable code architecture.
- Integrating third-party APIs and state management solutions like Redux and React Context API.
- Conducting thorough testing using Jest and React Testing Library for stable deployments.
- Providing ongoing UI enhancements and technical support post-deployment.
- Ensuring cross-browser compatibility and responsive design for a consistent user experience.
- Utilizing version control tools like Git and GitHub for efficient code collaboration and project management.

### Frontend Developer - Freelance

Self-Employed

Sep - 2024 – Present

Remote

Working with modern technologies such as **React.js, Next.js, Tailwind CSS, Material-UI, and Firebase**.

- Utilized React.js and Next.js to build highly interactive and dynamic frontends that meet modern web standards.
- Implemented responsive and accessible UI designs, ensuring a seamless user experience across devices.
- Leveraged Firebase for real-time data updates and cloud-based storage solutions.
- Led the development of frontend applications, focusing on performance, maintainability, and scalability.
- Collaborated with UI/UX designers and backend teams to create intuitive and engaging user interfaces.
- Built reusable UI components and optimized state management using Redux and React Context API.

Implementing best practices for performance optimization, security, and scalability.

- Applied frontend performance optimization techniques such as lazy loading, code splitting, and asset optimization.
- Ensured secure client-side authentication and data handling with best security practices.
- Developed scalable UI architectures to support evolving project requirements and growing user bases.

## TECHNICAL SKILLS

**Frontend :** HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Material-UI, Tailwind

**State Management :** Redux-Slice, React-Hook-Form, Context API

**Dev Tools :** Visual Studio Code, GitHub, Trello

## EDUCATION

### Jain University

Master of Computer Applications

External

Bangalore, India

2022 – 2024

### Veer Narmad South Gujarat University

Bachelor of Computer Applications

Surat, Gujarat, India

2019 – 2022
